D Á B L I O

DESIGNED BY
ESTÚDIO UULTIS

D Á B L I O

Beauty and harmony cross paths at the Dáblio Dining Table. Its feet, carved in solid wood, offer the support that the tabletop (with MDF structure and wooden blade) needs to float on the base. You can choose between the semi oval and rectangular top, as well as laminated or with black, white, brown or off white glass. Choose the one that best suits your home.

Soft strokes value rhythm and repetition, give form and harmony to Dáblio's Dining Table, its feet carved from solid wood, multiply to provide the necessary support to the tabletop, which with its beveled edges seems to float under the base.

STRUCTURE

Dining table with a set of solid wood feet and MDF structure top with a wooden veneer.

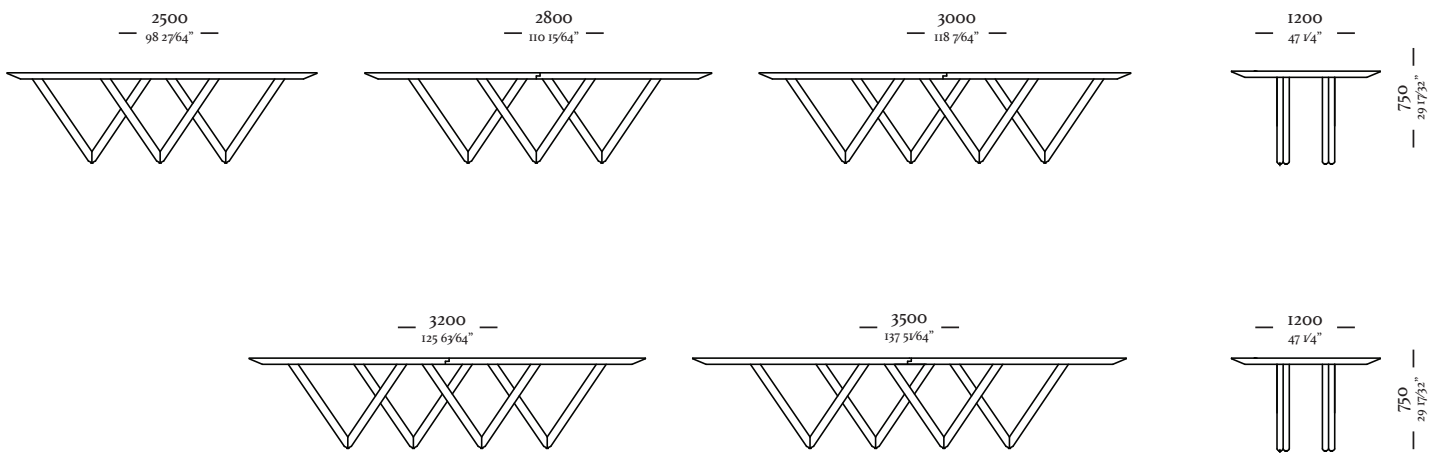

FINISHING

Feet: 71TC - 79TC - 85TC - 148MT - 089 - 149TC - 145. Top: 079CV - 119 - 127 - 128 - 148LT - 145LC - 149CV.

OPTIONS

The W table has the option of a semi oval or rectangular tabletop, as well as the option of a laminated tabletop or glass in black, white, brown or off white.
