AÇU

DESIGNED BY
SÉRGIO BATISTA

AÇU

Inspired by the history and meaning of the term 'Paun-açu,' with which the Tupi-Guarani indigenous people referred to the majestic Sugarloaf Mountain, the Açu armchair brings forth this essence of greatness as a tribute to our rich cultural heritage. Its fluid contours and imposing design capture the majesty of the landscape and the strength of the culture that surrounds us.

STRUCTURE

The structure of the Açu armchair is made of selected solid wood of the highest quality. Comfort is guaranteed by medium density foam on the seat, while the backrest has high resilience foam. Furthermore, the wooden arms join the upholstery, creating an imposing look.

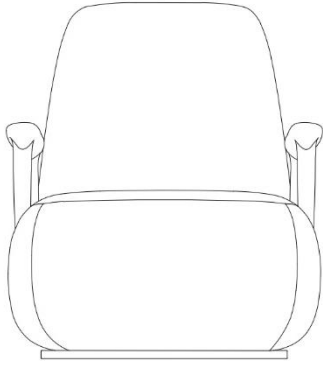

FINISHES/COATING

Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.
