The Akã Chair is a tribute to the cultural wealth and tradition of the Akã tribe, a people known for their strong identity. Its features evoke the history of this tribe, assigning profound meaning to each detail. In the design, the harmony between form and function is reflected through the smooth curves that mimic the flow of the rivers that shaped the lives of the Akã, while the solidity of the structure alludes to the stability and strength of this community.

## STRUCTURE

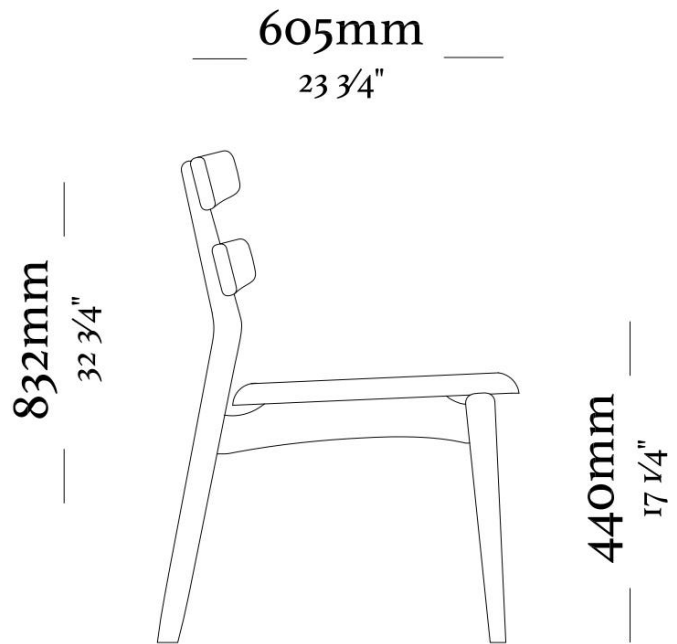

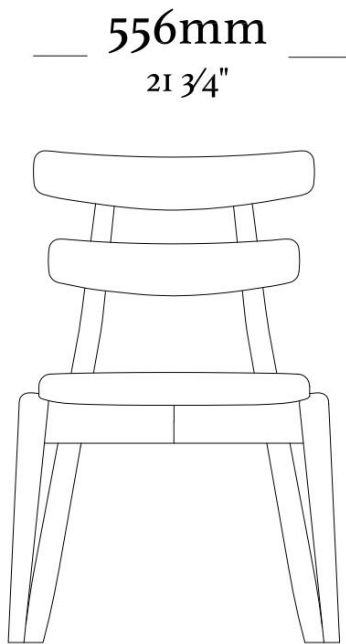

*The structure is composed of selected high-quality solid wood. The comfort of the seat is provided by high-density foam, while the ergonomics of the backrest are favored by the curvature and modeling of the wood.*
