DESIGNED BY  
ESTÚDIO UULTIS

# ARUMÃ

---

The intertwining of solid wood with hexagonal natural straw is what composes the Arumã armchair. Its features carry the best of Brazilian design combined with the lightness of the tropical climate. The large cushion that forms the backrest provides a cozy embrace to whoever sits, as well as characterizing this model as a unique product.

## STRUCTURE

*High quality natural solid wood structure. The backrest cushion is loose and filled with silicone polyester fiber. The seat has high-density foam wrapped by an ecosoft foam, providing more softness and smoothness to the touch. Backrest covering in natural cotton straw.*

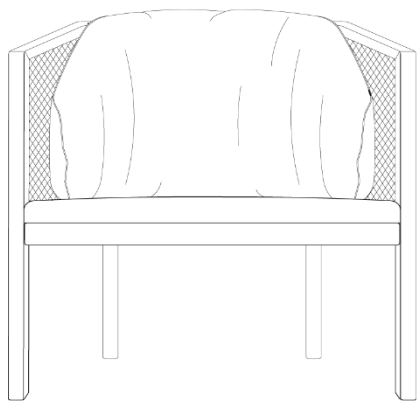

## FINISHES/COATING

*Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.*
