B E L U G A

DESIGNED BY  
ESTÚDIO UULTIS

# B E L U G A

---

The inspiration comes from the tail of these adorable white whales from the Arctic Circle. Dubbed “Canaries of the Sea”, for their whistles and songs, the Belugas have a caudal fin with a flat, paddle-shaped structure, composed of connective, dense and fibrous tissue. The backrest of the armchair, with its organic shape and cover woven in nautical knitting, reveres Beluga’s tail design and translates into coziness and well-being. The mooring of the naval rope, added to the shuttle of the weave elaborated in nautical knitting, reveals the luxury of the handmade, hours on end of the handmade process that result in an exuberant, dense and fibrous texture, which holds the eye and makes each piece unique . The timeless design, the concern with the choice of materials, the attentive look at each detail and the exquisite craftsmanship, are the differentials of this product.

## STRUCTURE

*Armchair with aluminum base or solid wood base. The option with aluminum base has a removable cushion seat with medium and high-density foam, whereas the solid wood option has a seat with fixed cushion with medium and high foam. The backrest has a structure in aluminum tubes with sleepers that receive the nautical knitting weave, the differential of this product.*
