DESIGNED BY
STÚDIO +A!

NEXUS

The Nexus sofa is a link that brings together moments of togetherness, a bridge between modern design and the practicality of everyday life. Standing out with its rectangular shape, it conveys a sense of balance and order in the environment. The connections between the modules form a meeting point, a hub of connections where conversations, laughter, and special moments unfold.

STRUCTURE

The structure of the Nexus upholstery is complex and comfortable. The skeleton is composed of selected solid wood of the highest quality. The comfort layers feature medium-density foam on the seat, while the backrest features polyester fiber cushions. The piece is supported by wooden feet.

FINISHES/COATING

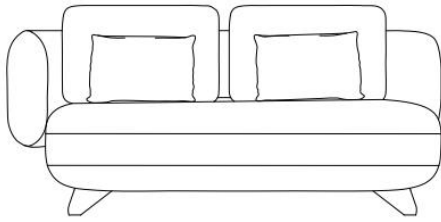

Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.
