NYM

DESIGNED BY
ESTÚDIO UULTIS

N Y M

Inspired by the aquatic plant water lily, the Nym side tables seek to reproduce the shape of the plant's leaves and flowers. The wooden top adds a natural and welcoming touch, while the base brings a sense of solidity and stability. With its unique design, it offers functionality and elegance in the piece.

STRUCTURE

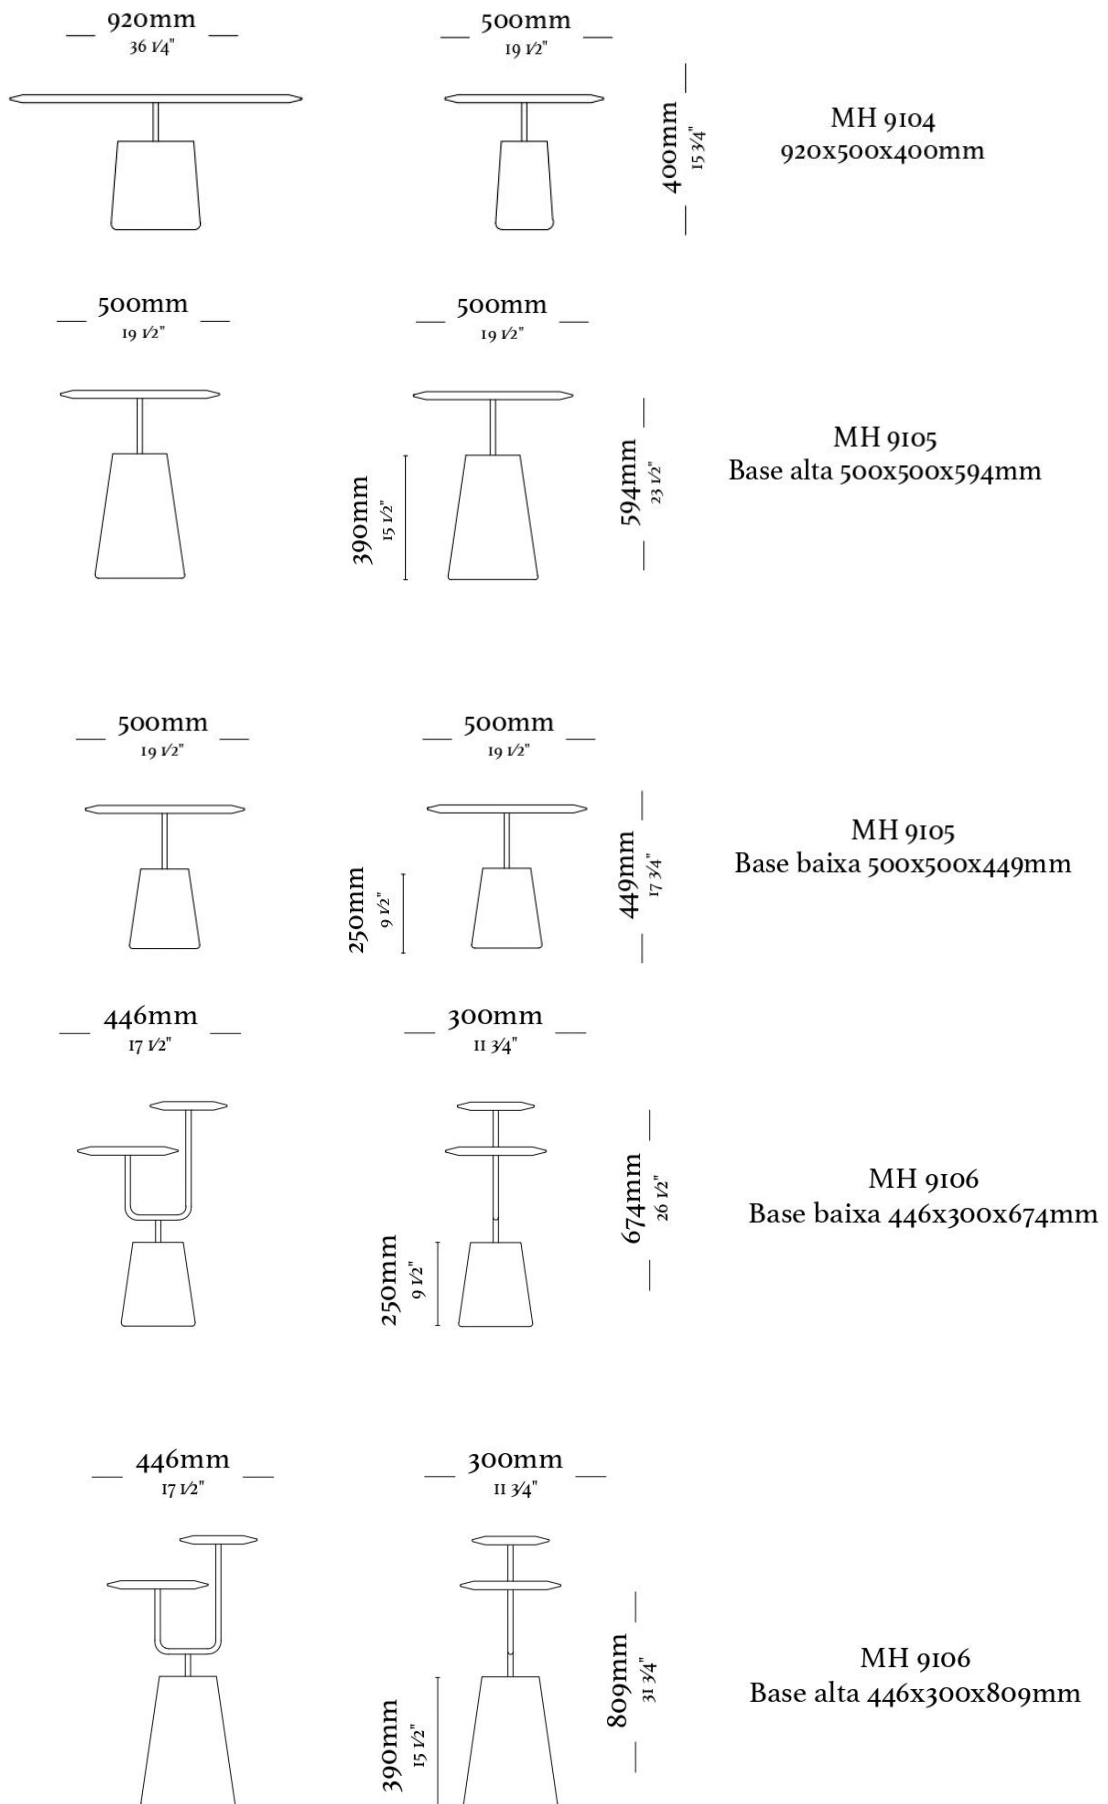

Nym side tables have bases made of selected high-quality solid wood. Furthermore, an iron rod connected to the base supports the MDF top, with a natural wood veneer. A combination of materials that convey a feeling of solidity and guarantee the stability of the piece.

FINISHES/COATING

Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.
