V I N E

DESIGNED BY  
SÉRGIO BATISTA

# V I N E

---

The wrapping curves of the Vine chair reflect the feeling of freedom while the wood expresses its firmness in a product designed especially for use in the balcony area. The seat, also shaped in wood, allows a unique fit, bringing the perfect union between matter and comfort. Aiming to add another differential, the chair has 2 backrest options, wooden sleepers or nautical rope.

## STRUCTURE

*Chair with solid wood base and seat also in shaped solid wood. The backrest is supported by a wooden crosspiece and has a choice of nautical rope weave or vertical wooden crosspieces, bringing comfort and resistance to balcony spaces.*

## FINISHING

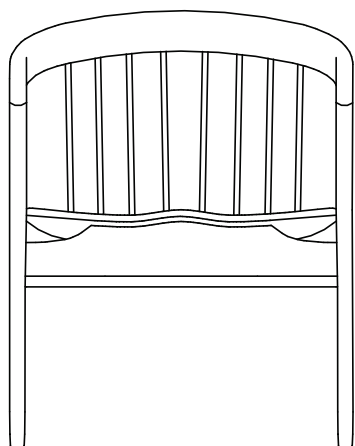

*Wood: 152*

*Rope: Nautical ropes Varanda Sense.*
