ABBRACCIO

DESIGNED BY
PEDRO MENDES

ABBRACCIO

The Abbraccio armchair is the representation of the warmth and comfort of a true hug. With the overlap of its sinuous curves and the combination of the warmth of the wood and the softness of the upholstery, it awakens the tranquility and involvement that only a true hug provides.

This piece is an exclusive collaboration between designer Pedro Mendes and Uultis. Limited edition, with only 100 armchairs being produced.

STRUCTURE

The structure of the armchair is composed of individual engineered wood panels. The comfort of the seat is provided by medium and high-density foams topped with an ecosoft foam layer. The ergonomics of the backrest is provided by the curvature and modeling of the panels.

FINISHES

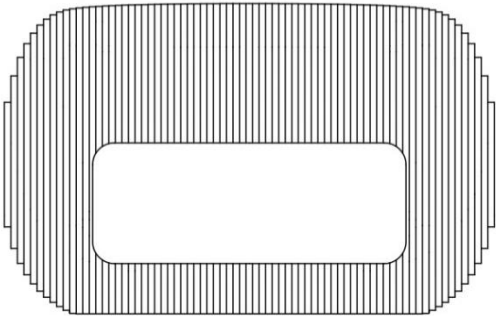

Available only in finishes 153-Dover Oak or 154-Walnut.

Available with any fabric or leather from the Uultis samples.
